

Western Presbyterian Church is

Expecting!

The Christian Education Committee is proud to introduce a new line of faith formation resources for children birth to age 3. Church families with infants and toddlers will be introduced to this new program through *Splash! Packs*. The first installment will include Parent Pages with ideas for family faith-filled play, worship, meals and prayer. Each month every family will receive a different Parent Page with creative ideas focusing on faith formation. This new program supports the mission of WPC by connecting to young children and their families.

Splash! Packs also include a music CD. The Cd's are a terrific part of the program.

Babies will be lulled to sleep listening to Sleepy Time Tunes,(for the 1-12 month child). Families will get moving to Bible story songs on Totally Toddler Tunes, (13-24 month old). And kids will learn songs they'll hear in Sunday School on the Singable Sunday Tunes CD (for the 25-36 month year old).
